Plot A year after his first encounter with the monsters of Transylvania, Dracula's (Johnny Depp) son Jonathan "Mave" Mavro (Miles Miller) visits the country to win the heart of his crush, Ellen (Fran Brill). He and his friends encounter a group of werewolves trying to convince them to vote for a different candidate, but Mave reveals himself to be a vampire. The family moves into an old hotel where they encounter a group of creatures from different myths and legends. These include Arthur (Owen Wilson), a knight, and Moira (Jorma Taccone), a druid. Arthur and Moira are in love, and the hotel's owner, Adam (Adam Sandler), becomes close friends with the family. Mave, Jonathan, Arthur and Ellen learn that Mave's mother, Victoria (Melissa McCarthy), is a werewolf. She had given birth to Mave in secret, knowing that her husband, Andre (Jack McBrayer), was anti-vampire, making them vampires themselves. However, after spending too much time in the sun, the family left without Andre, knowing that he would kill Mave. At a secret ceremony in a barn, Mave is bitten by a vampire but not killed. Dr. Vladislav (Rhatt Bartlett), a young scientist and vampire hunter, comes to town and arrests Mave. Vladislav is disgusted by vampires and is suspicious of Mave's involvement in the other monsters, but as an old friend he helps him escape.
